imagine

You are hosting a conference for your staff, your team or your very important clients. But you don't have the space, the privacy or the accessibility at your own offices.

Plus your parking is limited due to the location of your business. You have to hire in furniture, catering and everything else to make your event a success. When all you want to do in the run up is perfect your pitch.

It doesn't bear thinking about does it?

But what if you can have all this all set up and ready to go, whenever **you** are?

“As performance improvement specialists, we’re used to looking critically at other businesses, including suppliers. We have used Mantle for a number of years now because of their professional yet personal approach, coupled with the flexibility to meet our needs. Innovation House is a place where we can confidently meet with our customers and associates.”

Stephen Munden : Managing Director of Business Keys Ltd

“The conference suite at Indigo House is one of the best equipped venues we’ve ever used- and it’s huge! When I’m training clients to use our software, the set-up matters. This room has all I need - from remote control blinds, sound system and coloured lights, to a really big and brilliant screen up front. Everything is modern, new and impressive.”

Mark Little : Trainer at Mass Ltd

“Holding my promotional event at Mantle was a smooth process. From initial enquiry to finalising the layout of the room, I experienced nothing but professionalism. Nothing was an inconvenience, and any queries I had prior to the day itself were sorted out very quickly. The Reception staff were polite and helpful to our attendees on arrival - all 50 of them! My event was a big success.”

Harriet Slingo : Founder of Click Berkshire

“We are providers of Adult Care and Support. We’ve been hiring rooms at Innovation House for nearly two years. Our own offices cannot always accommodate large meetings or training sessions, so it is great to have an alternative venue we can use whenever needed. We’ve also used the smaller rooms for private meetings and interviews, as these are often best conducted away from our own premises. The location is perfect for us; local, easy to find. Within the building itself there’s a relaxed yet professional environment. Parking is always a consideration, and we’re glad to say there are plenty of parking spaces available and parking is secure. We always find the Receptionists friendly, polite and helpful, especially with the quick response when we call to book. The included refreshments are very good but we love the flexibility to arrange our own catering if we need to.”

Dressed to impress.

Our signature room, Indigo 11, offers ample space for your main presentation and includes break areas. Choose your layout from herringbone seating, standard rows, classroom or workshop style. You tell us how you want it and it will be ready on arrival.

Making an entrance.

Your guests, delegates and colleagues will be more than satisfied with the easy accessibility of both our venues. Each enjoys excellent parking facilities and a welcoming Reception area. You can choose to utilise our own Receptionists or, if you prefer, you can provide your own reception committee to meet and greet your invitees. Indigo 11 has a Reception separate from the rest of the building, so you can have it all to yourselves.

Smart location with easy access to free car parking. Why not make life easy for you and your guests?
